

# Creative Planning

**cre·a·tive act**  
krē'ādiv/ akt/  
Verb

Passion driven  
High risk  
Learn from failures

*Creative Acts: Doing something you have never done before or something old in a completely new way.*

1. Identify present and missing elements → Generate new possibilities → Collectively select a possibility and commit to it
2. Identify available resources → Brainstorm creative acts → Individually commit to carrying out one creative act by a designated time
3. Track and log the impact of these creative acts → Celebrate progress, cultivate learning → Return to brainstorming process and follow steps 6-10
